I'm only skimming messages here and will look forward to catching up with the show photos when I return home. Kathy and I have been over here for a week now and have had a lovely time seeing lots of England with Mike & Ann Brook. We've had a wonderful time in London with the RHS show and events and leave for Belfast in about half an hour.

We'll post photos from over here when we get back to the US, as I have no way to shrink photos. I would love to hear more about the convention and see photos of people, too, if anyone took some.

Missed seeing everyone in Richmond!
