Today Betty Kealiher; my Granddaughter and myself were treated to a tour of the extensive plantings at Jill & Paul Griesse's "farm".

It was a glorious afternoon; the daffodils are at their peak; and we enjoyed a lovely tea after the tour. A perfect day. Some of you will remember being here for the Fall Board Meeting a couple years ago.

This is a view from the woods looking back toward the front of the property.

I will send a couple more.

Phyllis
