Hi all - I'm sending this along for Donna Dietsch, who seems to have internet gremlins when it comes to sending images to DaffNet... Apologies for the delay; had to get back from vacation to my Outlook for the resizing function... -s

Hey Sara,

I have three pictures to send. If you can't do them easily, then do it when you get back to your office. They will still be the last blooms in the northern hemisphere.

Send this with the pictures.

#1 Cameo Flush 2 O-O

#2 Blossom Lady 4 W-O

#3 Exquisite One 1 W-W

All from Peter Ramsay. The last daffodils in bloom in the Northern Hemisphere, unless someone has a later one.
