Subject: Re: [daffnet] Show Results

Hi David,

Thank you for posting show results, I was committed in other areas this season and missed the local show circuit, really appreciate seeing the results.

Liked your seedling 87/15A, it really has beautiful classic form. I am sure that we will see more of it in the future.

400 miles in one day to judge a show, return home and exhibit in the local show the next day. If that's not dedication to the flower we all admire, I don't know what is.

Sandra.
