Like many local daffodil societies, the Northern California Daffodil Society held a fall meeting (today, October 29, 2017). It featured our usual bulb drawing, bulb auction, and pot luck meal. This being the 50th anniversary of the NCDS, we had a cake specially decorated. The bakery made a slight misspelling of "daffodil", but they did a great job of forming the daffodils out of fondant. Not only was the cake beautiful, the cake was good too. The bakery worked with photos of Misquote and Chromacolor to create the daffodils.
