Well, better late than never.....these are in bloom in 2019 convention chair Margaret Macneale's garden this AM.

We are expecting temperatures in the 70's this week and possibly 80 late in the week. Flowers will open in a hurry and not last long. The wonders of our often short springs in Minnesota.

Thanks again to all who brought flowers to make the 2019 convention a huge success! We couldn't have done it without everyone who brought blooms.
